AGE GROUP

Elementary School & Middle School

1. On the day before this lesson, ask students to take inventory of all the beverages they have in their homes as pre-homework
2. In class, make a list categorizing the drinks that students found (sodas, sports drinks, juices, water, etc)
3. Discuss the problems with sugary drinks and what we can do about it (i.e. Rethink Your Drink)
4. Teach students how to use the Better Beverage Finder tool using their own computers or demonstrate on a projector screen
5. Give students the opportunity to choose a few drinks they would like to try from the Better Beverage Finder - create a shopping list to take home
6. Throughout the year, students can bring in labels from beverages and run them through the "Check Your Drink" feature on the Better Beverage Finder
7. Students will find out which of their beverages are better and which are not
8. Once they have decided, students can tape their label to the "Sugary Drinks" or "Better Beverage" poster boards in class
